Visegrad+

The Visegrad+ Program was established in 2008 from the so-called [Flexible Fund](#). Visegrad+ is a grant program created to administer and finance projects which contribute to the democratization and transformation processes in selected countries and regions, especially non-EU member states in Eastern Europe and the Southern Caucasus (the EU's [Eastern Partnership](#)), and the Western Balkans.

So far, projects were focused on *Belarus, Georgia, Serbia, and the whole Western Balkan region* (see [previously approved project proposals](#)).

The priority target countries, priority orientation and project topics (see below) for Visegrad+ projects are defined and approved by the decision of the [Conference of Ministers](#). Calls for proposals are announced on the Fund's website. Projects are reviewed and administered by the Fund's Secretariat; project proposals selected by the National V4 Coordinators are formally approved by the [Council of Ambassadors](#) and [Conference of Ministers](#). Project topics are selected in compliance with the Statute of the Fund.

The priorities for 2015 are as follows:

1. Rule of Law and Fundamental Rights
2. Good Governance
3. Regional Cooperation in the Fields of Education and Culture
4. EU Approximation
5. Environment and Sustainable Development
