

# International Visegrad Fund: official website

grant programs, mobility programs, artist residencies

## Residencies

## Visegrad Artist Residency Programs (VARPs)

The Visegrad Artist Residency Program was created in 2006 for the purposes of facilitating art mobility and exchange for citizens of the [Visegrad Group \(V4\)](#) countries. Starting as a general artist-in-residence exchange, the program grew into three separate subprograms:

- **VARP—Visual&Sound Arts** (individual mobility within the V4 region)
- **VARP—Performing Arts** (individual and group mobility program focused on scenic arts) and
- **VARP in New York** (individual artist-in-residence program in Brooklyn, NY)
- **Visegrad Literary Residency Program** (individual residencies within the V4 region)

In general the following conditions are necessary for every applicant:

- Citizenship of any V4 country
- Documentation of previous work (portfolio)
- Original project proposal
