Extended Standard Grants (V4EaP)

The aim of the Extended Standard Grants within the V4EaP program is to support medium-term projects of strategic character that significantly contribute to providing access to the unique experience and know-how of the Visegrad Group countries with the processes of democratic transformation and integration and with regional cooperation. The Extended Standard Grants are meant to support reform processes, political association and economic integration with the EU, strengthen the institutional capacity, contribute to the development of civil society and the overall transformation of the Eastern Partnership (EaP) countries (Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine).
